

Ministry of Higher Education and Scientific Research participated in the meeting of Education

Ministers of South America and Arab countries (ASPA) which was opened Wednesday in Peru's capital Lima.

The Deputy Minister for Scientific Research Affairs Dr. Fouad Q. Mohammed said that the Iraqi delegation provided suggestions on three topics including hosting symposiums and conferences regularly, conducting joint researches and supporting the Kuwaiti Draft 2011 and the announcement of Al-Doha 2009.

The final statement of the High-Level gathering stressed on creating a space for dialogue among the education-policy makers of both regions in order to promote cooperation on educational issues.
